

**Submission 68**

**Friends, Families and Travellers Advice & Information Unit**

**RE: Making a Bill of Rights for Northern Ireland.**

We welcome the following draft and in particular section 3: Rights concerning identities and communities, question 10. It would appear that the document has been well worded and we are pleased to see the following clause:

‘Everyone has the right to be nomadic or sedentary and a right to change from one mode of living to another.’

Yours sincerely

Zoe Matthews  
Assistant Administrator.
